## Course One - Accelerated Programme

**Length:** Approx. 8 months

**Format:** 12 x 3 hr "masterclasses"

**Style:** Open / Closed Course

For delegates who are more comfortable with a self-directed model and possess higher academic experience, the Accelerated Programme teaches content to be delivered with minimal support.

An induction lays out an overview of the unit material, while twelve three-hour "masterclasses" are taught to suit delegates comfortable with completing assignments in reduced timeframes.

This course is offered either open or closed, with 10 delegates required for the latter, while extra pre-course material will be issued prior to each "masterclass".

## Course Two - Standard Programme

**Length:** Approx. 13 months

**Format:** 12 x 6 hr "workshops"

**Style:** Open / Closed Course

For delegates who work best in group dynamics and may not have relevant academic experience, the Standard Programme teaches content with greater hands-on support from course tutors.

A return-to-learning orientation session refreshes delegates, while twelve six-hour "workshops" are taught to suit participant experiences with relevant case studies, group work and interaction.

This course is offered either open or closed, with 12 to 16 delegates required for the latter, while there can be flexibility for in-house programme units.

## Course Eligibility

The CIH Level 5 Diploma in Housing Accelerated Programme is designed for delegates who are qualified to Level 4 or above. We do not require delegates to have prior CIH-specific qualifications.
